For tomorrow's meeting we thought we'd review some of the important background that will become more relevant as we move forward with discussing some of the topics we outlined in our last meeting.

We'll move into these topics over the next few months and will reference some of these discussion points as we move forward.

Some links for reference during tomorrow's conversation:

1. [PowerPoint presentation from May DAG meeting](#)
2. The 2015 [Supplemental Modeling Report](#) (specifically, pages 33 – 39, *Effect of the Capitol Lake Dam*)

Best,

Leanne
